#### INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners, Housing Authority of the County of Alameda Hayward, California

#### Report on the Audit of the Financial Statements

#### **Opinions**

We have audited the accompanying financial statements of the business-type activities and the aggregate remaining fund information of the Housing Authority of the County of Alameda (the "Authority"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, and the aggregate remaining fund information of the Authority as of June 30, 2022, and the respective changes in financial position and, where applicable cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation, and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such procedures
  include examining, on a test basis, evidence regarding the amounts and disclosures in the financial
  statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
  that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
  effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that
  raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable
  period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 11, and required supplementary information related to Pension and OPEB on pages 51 through 58 as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of managemet and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The combining and individual enterprise fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and are not a required part of the basic financial statements. The accompanying Financial Data Schedule is presented for purposes of additional analysis as required by *U.S. Department of Housing and Urban Development* and is not a required part of the basic financial statements.

The combining and individual enterprise fund financial statements, the schedule of expenditures of federal awards, and Financial Data Schedule are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual enterprise fund financial statements, the schedule of expenditures of federal awards, and Financial Data Schedule are fairly stated in all material respects in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 29, 2023, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Harshwal & Company llP

Oakland, California March 29, 2023

The Housing Authority of the County of Alameda ("Authority") primarily provides housing assistance to low income individuals and families. Its primary sources of funding are through grants received from the U.S. Department of Housing and Urban Development (HUD) and rents collected from the properties it owns.

The Authority's Management's Discussion and Analysis (MD&A) is designed to:

- Provide an overview of the Authority's financial activity,
- Identify changes in the Authority's financial position (its ability to address the next and subsequent year challenges),
- · Assist the reader in focusing on significant financial issues, and
- · Identify individual fund issues or concerns.

Since the MD&A is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the attached financial statements.

#### FINANCIAL HIGHLIGHTS

Total assets and deferred outflow of resources of the Authority was \$69.09 million and total liabilities and deferred inflow of resources was \$24.68 million.

The assets of the Authority exceeded its liabilities at the close of the fiscal year (FY) by \$44.41 million (net position). Of that amount, \$9.32 million was invested in capital assets; \$21.44 million was considered restricted and \$13.65 million was considered unrestricted and may be used to meet the Authority's ongoing obligations. The Authority's FY 2022 total net position increased by \$7.84 million compared to the FY 2021 balance of \$36.57 million.

Total revenues, excluding Housing Assistance Payments-Portability in, increased by approximately \$17.59 million (12%) during 2022, and were \$166.58 million and \$148.99 million for 2022 and 2021, respectively. The increase was due to funding provided by HUD.

Total expenses, excluding Housing Assistance Payments-Portability in, increased by approximately \$11.48 million (8%). Total expenses were \$158.95 million and \$147.47 million for 2022 and 2021, respectively.

The Authority's component unit, Preserving Alameda County Housing, Inc. (PACH), was formed in March 2011. The Authority is the managing agent for the properties owned by PACH. In March 2016, HACA completed the Rental Assistance Demonstration (RAD) conversion and sold its remaining 72 units of Public Housing to PACH. For FY 2022, PACH had total assets of \$33.05 million, total liabilities of \$0.35 million and net position of \$32.71 million. It had total revenues of \$5.63 million and expenses of \$4.88 million. PACH's total net position increased by \$0.75 million.

#### **Authority-Wide Financial Statements**

The Authority-wide financial statements are designed to provide readers with a broad overview of the Authority's finances in a manner similar to a private-sector business in that all enterprise fund type activities are consolidated into columns, which add to a total for the entire Authority. The Authority-wide financial statements report information on the Authority as a whole, net of inter-fund activity.

The *Statement of Net Position* is similar to a Balance Sheet. The Statement of Net Position provides information about the Authority's financial and capital resources (assets) and its obligations to creditors (liabilities). Assets and liabilities are presented in order of liquidity, and are classified as "Current" (convertible into cash within one year) and "Non-current." The Statement is presented in the format where assets minus liabilities equal "Net Position," formerly known as Net Assets.

#### <u>Authority-Wide Financial Statements - Cont'd</u>

Net Position (formerly Net Assets) is reported in three broad categories:

- Net Investment in Capital Assets: This component of Net Position consists of all capital assets
  net of accumulated depreciation and reduced by outstanding balances of any bonds, mortgages,
  notes or other borrowings that are attributable to the acquisition, construction, or improvement of
  those assets.
- Restricted Net Position: This component of Net Position consists of restricted assets, when constraints are placed on the asset by creditors (such as security deposits, debt covenants), grantors, contributors, laws, regulations, etc.
- Unrestricted Net Position: Consists of Net Position that does not meet the definition of "Net Investment in Capital Assets," or "Restricted Net Position." It represents the net available liquid assets, net of liabilities, for the entire Authority.

Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating.

The Statement of Revenues, Expenses, and Changes in Net Position is similar to an Income Statement. This Statement includes Operating Revenues, such as rental income, grant revenues, Operating Expenses, such as administrative costs, utilities, maintenance, depreciation, and Non-Operating Revenue & Expenses, such as investment income and interest expense. The focus of this statement is the "Change in Net Position," which is similar to Net Income or Loss.

The *Statement of Cash Flows* discloses net cash provided by or used for operating activities, investing activities, non-capital financing activities, and from capital and related financing activities. This statement provides answers to questions of where cash came from, what cash was used for and what caused changes in cash for the fiscal year.

The accompanying *Notes to Financial Statements* provide additional information that is essential to a full understanding of the data provided in the financial statements.

#### **Fund Financial Statements**

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is now on fund types. The Authority consists of exclusively Enterprise Funds. The Enterprise method of accounting is similar to accounting utilized by the private sector where the determination of net income is necessary or useful to sound financial administration. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Authority uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements and to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using grants and other monies. They are reported using the full accrual method of accounting.

### **FINANCIAL ANALYSIS**

The Department of Housing and Urban Development (HUD) requires the Authority to maintain many funds. Others are segregated to enhance accountability and control.

#### Major Factors Affecting the Statement of Net Position (Table 1)

Total assets increased by approximately \$10.08 million because of the increase in restricted cash and cash equivalents, short term investments, and accounts receivables.

Total liabilities increased by approximately \$2.24 million primarily due accounts payable and unearned revenues and deferred inflow of resources.

Total net position increased by \$7.84 million and was \$44.41 million and \$36.57 million in 2022 and 2021, respectively.

Net investment in Capital Assets (e.g., land, buildings and improvements, furniture and equipment) decreased by approximately \$1.13 million, net of depreciation, and was \$9.32 million and \$10.45 million in 2022 and 2021, respectively.

Restricted Net Position balance increased by approximately \$3.47 million and was \$21.44 million and \$17.97 million in 2022 and 2021, respectively primarily due to Housing Assistance Payments (HAP) made in excess of HAP grants.

Unrestricted Net Position increased by \$5.50 million and was \$13.65 million and \$8.15 million in 2022 and 2021, respectively.

#### Major Factors Affecting the Statement of Revenues, Expenses and Changes in Net Position (Table 2)

Total revenues excluding Housing assistance payments - Portability-in increased by approximately \$17.58 million (12%) and total expenses excluding Housing assistance payments - Portability-in increased by approximately \$11.49 million from a year ago.

HUD provided 96% of the Authority's revenue in 2022. The Housing Choice Voucher (HCV) program represents the majority of the Authority's total operating subsidies and grants revenue. Changes in HUD funding directly impact the Authority's operating results.

Total expenses increased by (8)% due to higher housing assistance payments (HAP) made to landlords. Expenses also include administration (management fees and contracted services), utilities, maintenance, and general expenses.

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

#### **Capital Assets**

As of fiscal year ended June 30, 2022, the Authority had \$9.32 million invested in a variety of capital assets as reflected in the following table, which represents a net decrease of approximately \$1.13 million or 11% from the previous fiscal year. The decrease in capital assets is due to the annual depreciation expense partially offset by the addition of capitalized costs.

TABLE 3

#### **Debt Outstanding**

As of year-end, the Authority and its component unit, PACH had no debt (bonds, notes, etc.) outstanding.

#### **ECONOMIC FACTORS**

The Authority continues to be dependent on funding from HUD for the administration of its Housing Choice Voucher program.

The need for affordable housing in Alameda County has historically been, and will continue to be, very high. The number of people served and the level of service the Authority provides are constrained only by the amount of funds available for those services. The Authority is primarily dependent upon HUD for the funding of operations; therefore, it is affected more by the Federal budget than by local economic conditions. For several years, funding from HUD has been insufficient to cover housing assistance payments, capital improvements, operating and administrative expenses. The Authority continues to be challenged with unpredictable and reduced HUD funding levels to administer federal housing programs. The reduction has required the Authority's management to implement a comprehensive strategy to find new ways of assisting its participants while reducing costs, and continuing to comply with regulatory requirements. The Authority continues to look for ways to improve the efficiency, effectiveness and economy of its programs and administration. It is anticipated that most programs will continue to receive renewal funding.

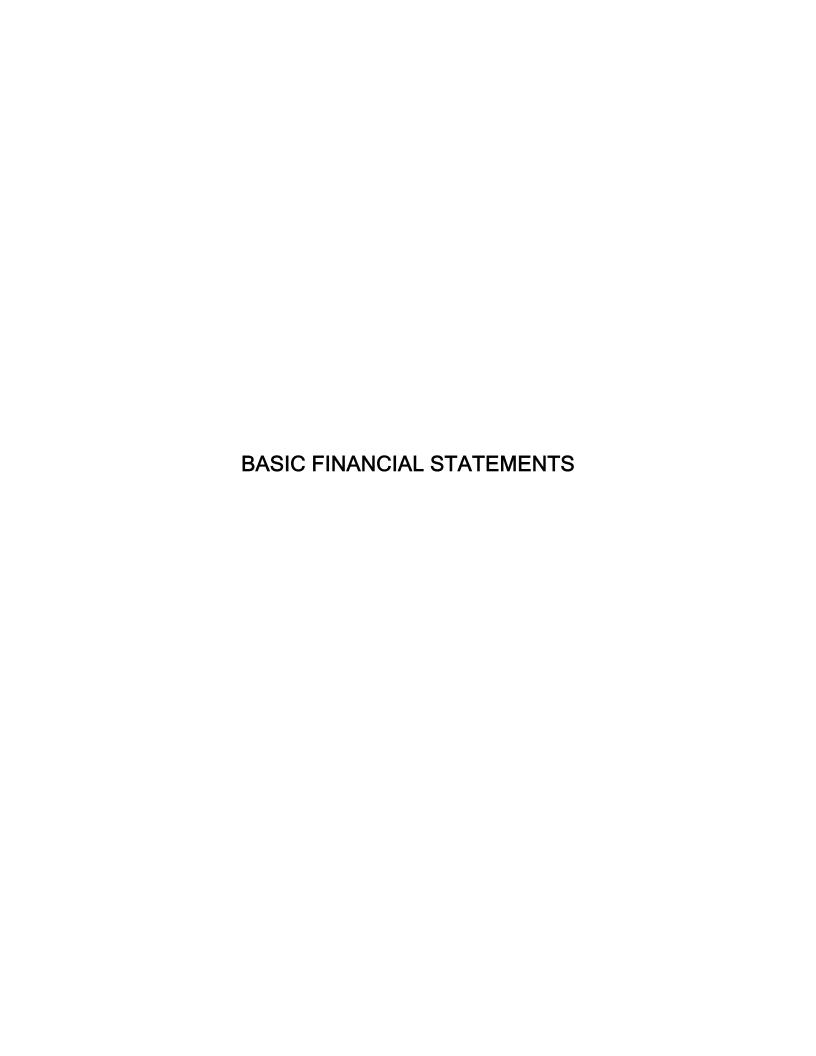

The Authority continues to be challenged by other significant external and economic factors beyond its control which includes the following:

- Local labor supply and demand, which can affect salary and wage rates.
- Local inflationary, economic and employment trends that can affect resident incomes and therefore impact the amount of rental income.
- Inflationary pressure on utility rates, supplies and other costs.
- Supply of affordable housing.
- Restructuring of the financial and health insurance industries.
- Increasing pension liabilities.

#### FINANCIAL CONTACT

This financial report is designed to provide a general financial overview of the Authority. The individual to be contacted regarding this report is Mansoorali (Ali) Hudda, Finance Director, at (510) 727-8521. Specific requests may be submitted to the -

Housing Authority of the County of Alameda, 22941 Atherton Street, Hayward, California 94541.

Net cash provided by operating activities	\$ 9,663,575

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (a) Financial Reporting Entity

The Housing Authority of the County of Alameda (the Authority) was established by the Alameda County Board of Supervisors on December 3, 1968. It is funded primarily by the Department of Housing and Urban Development (HUD) by means of Annual Contribution Contracts.

The Authority provides housing assistance to low and moderate-income families at rents they can afford. Eligibility is determined by family composition, income and residency in areas served by the Authority.

The accompanying financial statements are those of the Housing Choice Voucher Program, the existing Moderate Rehabilitation programs, the Authority administered Continuum of Care program and the Housing Development Fund. A summary of the programs administered by the Authority is provided below to assist the reader in interpreting such financial statements.

The Authority has one component unit in accordance with statement No. 61 Government Accounting Standards Board ("GASB"). The Authority's financial statements include those of Preserving Alameda County Housing, Inc. (PACH), which is a blended component unit that meets both of the following criteria under GASB 61.

- 1. The Authority and PACH have substantively the same governing body.
- 2. Management of the Authority has operational responsibility for the activities of PACH.

#### (b) Basis of Presentation

The Authority's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Government Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the USA.

Government-wide Statements: The Statement of net position and the Statement of activities display information about the Authority. These statements include the financial activities of the overall Authority.

The Statement of activities presents a comparison between direct expenses and program revenues for each function of the Authority's activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs, (b) grants and contributions that are restricted to meeting the operational needs of a particular program and (c) fees, grants and contributions that are restricted to financing the acquisition or construction of capital assets. Revenues that are not classified as program revenues are presented as general revenues.

Proprietary fund *operating* revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as grants and investment earnings, result from non-exchange transactions or ancillary activities.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

#### (c) Business - type Activities

Housing Choice Voucher Program - Under the Housing Choice Voucher Program (HCV), the Authority administers contracts with independent landlords that own properties. The Authority subsidizes the family's rent through a Housing Assistance Payment (HAP) made to the landlord. The program is administered under an ACC with HUD. HUD provides Annual Contributions funding to enable the Authority to set the participant's share of the rent at 30% of adjusted gross income. The HCV program also provides rental assistance for homeless veterans through the Veterans Affairs Supportive Housing (VASH) program. Support services are provided by the Department of Veterans Affairs (VA). The VA provides these services for participating veterans at VA medical centers (VAMC's) and community-based outreach clinics.

Housing Development Fund - The Authority maintains a Local Fund for low-income housing development and management improvements.

Moderate Rehabilitation Programs - A form of the Section 8 Rental Assistance program in which the rental assistance is "tied" to the rental unit rather than to the family. The Authority has 26 units under this program.

Preserving Alameda County Housing, Inc. - PACH leases, rehabilitates and operates affordable housing units and serves as a support corporation for the Authority. The Authority acts as the agent for the management of the properties owned by PACH.

Continuum of Care Program - This program provides rental assistance and supportive services for homeless individuals who have long-term disabilities resulting mainly from serious mental illness, alcohol and drug abuse, or an HIV positive medical condition. It is funded through the Alameda County Housing and Community Development Agency, for which the Authority is a contractor to provide the housing subsidy administration.

Other Business Activities - The Authority owns non-assisted units in Hayward known as Park Terrace (9 units) and in Emeryville known as Ocean Avenue (6 units) that are rented to low-income families. The Authority owns land in Union City to be developed for low-income housing. The Authority also manages, for a fee, 1 house owned by the City of Union City which is rented to a low-income family. In December 2009, the Authority also established the CHOICES program with the Alameda County Behavioral Health Care Services Department (BHCS). The program provides a monthly housing subsidy for designated BHCS clients with serious mental health issues. On October 1, 2012, the Memorandum of Understanding (MOU) with BHCS was amended to include the Forensic Assertive Community Treatment (FACT) program and on May 1, 2018, to add the HCSA Flexible Housing Subsidy Program.

#### (d) Basis of Accounting

The basic accounting and reporting entity is a "fund". A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts, recording resources, related liabilities, obligations, reserves and equities segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

"Basis of accounting" refers to when revenues and expenses are recognized in the accounts and reported in the basic financial statements. Specifically, it relates to the timing of the measurements made, regardless of the nature of the measurement.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

The Authority is accounted for as an enterprise fund, which is used to account for operations similar to a private business enterprise where the intent of the Authority is that the costs and expenses, including depreciation, of providing services to the members on a continuing basis be financed or recorded primarily through user charges.

As an enterprise fund, the Authority uses the full accrual basis of accounting. With the economic resources measurement focus, all assets and all liabilities of the enterprise are recorded on its Statement of Net Position, all revenues are recognized when earned, and all expenses, including depreciation, are recognized when incurred. Enterprise Fund Net Position includes Net Investment in Capital Assets, Restricted Net Position, and Unrestricted Net Position.

The Authority considers all of its funds to be proprietary. An emphasis is placed on major funds. A fund is considered major if it is the primary operating fund of the Authority or if total assets, liabilities, revenues, or expenses of the individual fund are at least 10 percent of the Authority-wide total. The Authority considers all of its activity to be housing related and therefore, considers all the financial activity of the Authority to be one major fund.

Private sector standards of accounting and financial reporting are generally followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the GASB. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Authority has elected not to follow subsequent private-sector guidance.

The Statement of position presents the Authority's assets, deferred outflows, liabilities and deferred inflows, with the difference reported as net position. Net position is reported in three categories:

- <u>Net investment in capital assets</u> This component of net position consists of capital assets, including restricted capital assets net of accumulated depreciation, and is reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted This component of net position consists of constraints placed on net position use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or law or regulations of other governments. It also pertains to constraints imposed by law or constitutional provisions or enabling legislation.
- <u>Unrestricted</u> This component of net position consists of net position that does not meet the definition of "net investment in capital assets" or "restricted."

Statement of Revenues, Expenses, and Changes in Net Position - The Statement of Revenues, Expenses, and Changes in Net Position is the operating statement for the enterprise fund. Revenues are reported by major source. This statement distinguishes between operating and non-operating revenues and expenses and presents a separate subtotal for operating revenues, operating expenses, and operating income.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Deferred outflows/inflows of resources - In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Authority has pensions and OPEB related to deferred inflows of resource items that qualify for reporting in this category.

In addition to assets, the statement of net position reports a separate section for pensions and OPEB related deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expenditure) until that time. The Authority has pensions and OPEB related to deferred outflows of resource items that qualify for reporting in this category.

#### (e) Measurement Focus

"Measurement Focus" refers to what is being measured; "basis of accounting" refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The proprietary fund types are accounted for on an "income determination" or "cost of services" measurement focus. Accordingly, all assets and liabilities are included on the statement of net position, and the reported net position provides an indication of the historical net worth of the fund. Operating statements for proprietary fund types report increases (revenues) and decreases (expenses) in total historical net worth.

Proprietary funds use the accrual basis of accounting, i.e., revenues are recognized in the period earned and expenses are recognized in the period incurred.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses result from providing goods and services related to the fund's ongoing operations. The principal operating revenue of the Authority's enterprise funds is dwelling rental income. Operating expenses include the cost of services provided, administrative expenses and depreciation on fixed assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

#### (f) Cash, Cash Equivalents and Investments

The Authority's cash and cash equivalents are considered to be cash on hand, demand deposits, and highly liquid investments. For purposes of the Statement of Cash Flows, cash equivalents are defined as short-term highly liquid investments that are both readily convertible to known amounts of cash or so near their maturity that they present insignificant risk of changes in value because of changes in interest rates. Cash equivalents also represent the proprietary funds' share in the cash and investment pool of the Authority. Cash equivalents have an original maturity date of three months or less from the date of purchase.

The Authority pools cash and investments of all funds. Each fund's share in this pool is displayed in the accompanying financial statements as *cash* and *investments*. Investment income earned by the pooled investments is allocated to the various funds based on each fund's average cash and investment balance.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Investments are reported at fair value in accordance with GASB Statement No. 31, Accounting and Financial Reporting for certain investments and for External Investment Pools.

#### (g) Capital Assets

The Authority's established capitalization policy requires all acquisitions of property and equipment in excess of \$3,000 and all expenditures for repairs, maintenance, renewals, and betterments that materially prolong the useful lives of assets are capitalized. Property and equipment are carried at cost or, if donated, at the acquisition value at the date of donation. Depreciation is computed on a straight-line basis over the useful lives of the assets generally as follows:

Asset Category	Years
Furniture and equipment	
Building improvements	10
Buildings	27.5

#### (h) Accounts Receivable

Receivables are principally amounts due from other governments and tenants. Allowance for doubtful accounts has been provided based on the likelihood of the recoverability.

#### (i) Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

#### (j) Accrued Compensated Absences

Each person in the service of the Housing Authority shall accrue vacation leave as follows:

- 2.89 hours for 75 hour/pay period employees and 3.08 hours for 80 hour/pay period employees for each full-time biweekly pay period on paid status until completion of 78 full-time biweekly pay periods (3 years) of continuous employment.
- 4.33 hours for 75 hour/pay period employees and 4.62 hours for 80 hour/pay period employees for each full-time biweekly pay period on paid status after completion of 78 full-time biweekly pay periods (3 years) of continuous employment and until completion of 286 full-time biweekly pay periods (10 years) of continuous employment.
- 5.77 hours for 75 hour/pay period employees and 6.15 hours for 80 hour/pay period employees for each full-time biweekly pay period on paid status after completion of 260 full-time biweekly pay periods (10 years) of continuous employment and until completion of 468 full time biweekly pay periods (18 years) of continuous employment.
- Employees shall earn 7.22 hours for 75 hour/pay period employees and 7.69 hours for 80 hour/pay period employees for each full-time biweekly pay period on paid status after completion of 468 full time biweekly pay periods of continuous employment.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

Accumulated vacation benefits are recorded as liabilities on the books of the Authority. The total liability for the Authority is \$364,981 based on year-end hourly rates, of which \$324,632 is current.

#### (k) Net Position

Net Position consists of investment in capital assets, restricted net position, and unrestricted net position. Unrestricted net position is designated for use for expenditures in future periods. Restricted net position is designated for tenant security deposits, family self-sufficiency escrow deposits, capital fund program and HAP equity.

#### (I) Taxes

The Authority is exempt from federal and state income taxes. The Authority is also exempt from property taxes.

#### (m) **Unearned Revenues**

Unearned revenues represent funds received that have not yet been earned. As the funds are earned, the liability is reduced.

#### NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS

Total cash, cash equivalents and investments

Cash, cash equivalents and investments as of June 30, 2022, are classified on the Statement of Net Position as follows:

Unrestricted - cash, cash equivalents and investments:

Deposits and placements with financial institution
Short term investments
Cash on hand
Restricted cash, cash equivalents and investments for tenant security deposits, family self-sufficiency escrow, and capital fund program:
Deposits and placements with financial institution
Investments

10,762,151
17,322,182
350
10,673,147
10,673,147
1,290,073

40,047,903

#### NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

The Authority had the following cash, cash equivalents and investments at June 30, 2022:

Cash and cash equivalents: Cash on hand and demand deposits with financial institution Money market accounts	\$	13,252,475 8,183,173
Total cash and cash equivalents		21,435,648
Investments: State of California Local Agency Investment Fund (LAIF) Certificate of deposits		16,143,610 2,468,645
Total investments		18,612,255
Total cash, cash equivalents and investments	<u>\$</u>	40,047,903

#### State of California Local Agency Investment Fund (LAIF)

The Authority is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The fair value of the Authority's investment in the pool is reported in the accompanying financial statement at amounts based upon the Authority's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which is recorded on the amortized cost basis. As of June 30, 2022, the GASB fair market value factor for the LAIF portfolio was 0.987125414.

#### A. Deposits and Placements with Financial Institution

#### Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Authority will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside entity.

Generally, credit risk is the risk that an issuer will not be able to fulfill its obligation to the holder of the investment. All time and savings deposits (which include money market deposit accounts and other interest-bearing checking accounts) are maintained in an insured depository institution insured up to \$250,000 per bank by the Federal Deposit Insurance Corporation (FDIC) depending upon the type of deposit and the location of the insured depository institution.

These accounts are held with a single financial institution. In addition to the insurance coverage provided by the financial institution, the Authority purchased unlimited insurance coverage for all the bank deposits. At June 30, 2022, no cash deposited with a financial institution was exposed to credit risk.

With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pool such as LAIF.

#### NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

#### Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will affect the fair value of an investment. In general, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market rates. The Authority considers the investments in LAIF to be highly liquid as deposits can be converted to cash within twenty-four hours without loss of interest or principal. The full faith and credit of the State of California secure investments in LAIF. At June 30, 2022, an account was maintained in the name of the Authority for \$16,143,610, its fair value.

#### B. Investments and Concentration

The Authority is authorized by State statutes and in accordance with the Authority's Investment Policy (Policy) to invest in the following:

- Securities issued or guaranteed by the Federal Government or its agencies
- State of California Local Agency Investment Fund (LAIF)
- Insured and/or collateralized certificates of deposit

The Policy, in addition to State statutes, establishes that funds on deposit in banks must be federally insured or collateralized and investments shall (1) have maximum maturity not to exceed five years, (2) be laddered and based on cash flow forecasts; and (3) be subject to limitations to a certain percent of the portfolio for each of the authorized investments. The Authority's investments comply with the established policy.

#### Investments Authorized by the California Government Code and the Authority's Investment Policy

The California Government code allows the Authority to invest in the following; and approved percentages and maturities are not exceeded. The table below also identifies certain provisions of the California Government Code:

Authorized Investment Type	Maximum Maturity	Maximum Specified Percentage of Portfolio	Minimum Credit Quality
Local agency bonds	5 years	None	None
U.S. treasury obligations	5 years	None	None
State of California obligations	5 years	None	None
CA Local agency obligations	5 years	None	None
U.S. agencies	5 years	None	None
Banker's acceptances	180 days	40%	A1/P1
Commercial paper - select agencies	270 days	40%	A1/P1
Commercial paper - other agencies	270 days	25%	None
Negotiable certificates of deposit	5 years	30%	None
Repurchase agreements	1 year	None	None
Reverse repurchase agreements and			
Securities lending agreements	92 days	20%	None
Medium-term notes	5 years	30%	Α
Mutual funds	N/A	20%	Multiple
Money market mutual funds	N/A	20%	Multiple
Collateralized bank deposits	5 years	None	None

#### NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Authorized Investment Type	Maximum Maturity	Maximum Specified Percentage of Portfolio	Minimum Credit Quality
Mortgage pass-through securities	5 years	20%	AA
Time deposits	5 years	None	None
County pooled investment funds	N/A	None	None
Local agency investment fund (LAIF)	N/A	None	None

There are no restrictions on the maximum amount invested in each security type or maximum that can be invested in any one issuer. The Authority does not have reverse repurchase agreements.

#### C. Fair Value Measurement

GASB Statement No. 72, Fair Value Measurement and Application, sets forth the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The investments in an external investment pool are not subject to reporting within the level hierarchy. The three levels of the fair value hierarchy are described below:

Level 1 Inputs: These level inputs are quoted (unadjusted) prices in active markets for identical assets or liabilities that the government can access at the measurement date. Observable markets include exchange markets, dealer markets, brokered markets and principal-to-principal markets.

Level 2 Inputs: These are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs are derived from or corroborated by observable market data through correlation or by other means, e.g., "market-corroborated" inputs. Inputs at Level 2 include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability, such as: interest rates and yield curves observable at commonly quoted intervals, implied volatilities, and credit spreads.
- Market-corroborated inputs.

Level 3 Inputs: These are unobservable inputs for the asset or liability; they should be used only when relevant Level 1 and Level 2 inputs are unavailable. Governments may use their own data to develop unobservable inputs if there is no information available without undue cost and effort.

#### NOTE 2 - CASH, CASH EQUIVALENTS AND INVESTMENTS (CONT'D)

Fair value hierarchy of the Authority's investments is as follows:

Quoted Prices in Active Market for Identical Asset

Total

Investments subject to fair value hierarchy:
Certificate of deposits

Certificate of deposits

Quoted Prices in Active Market for Identical Asset
(Level 1)

\$\frac{1}{2,468,645} \frac{1}{2,468,645} \frac{1}{

2,468,645

<u>2,4</u>68,645 <u>\$</u>

Investments not subject to fair value hierarchy:

Total investments subject to fair value hierarchy

Money market 8,183,173 LAIF 8,183,173

Total investments and cash equivalent not subject to fair value hierarchy 24,326,783

Total \$ 26,795,428

#### **NOTE 3 - ACCOUNTS RECEIVABLE**

As of June 30, 2022, accounts receivable balance consisted of following:

Receivables from HUD: Admin fees receivable \$ 801.723 Receivables from Other Government: Shelter Plus Care contract receivables 1,921 803,644 Total receivables from HUD and other government Other receivables: Portability program receivables from other housing authorities 844,375 Other receivables 350,208 Interest receivable 10,132 Total other receivables 1,204,715 2,008,359 Total

Shelter Plus Care program is a HUD funded housing program that provides supportive services and affordable subsidized housing to homeless people with disabilities. As of June 30, 2022, the Authority had a balance of \$1,921 receivables for invoices submitted for the Fiscal year 2021-22.

#### NOTE 3 - ACCOUNTS RECEIVABLE (CONT'D)

Under the portability program, a participant family or an applicant family that has been issued a voucher has the right to use tenant-based voucher assistance to lease a unit anywhere in the United States, provided the unit is located within the jurisdiction of a local housing authority administering a tenant-based voucher program. A participating family that wishes to port into the Authority's jurisdiction must have approval from its originating housing authority. As of June 30, 2022, the Authority had a receivable balance of \$844,375 from other housing authorities for their approved portability applicants. Management on a regular basis communicates with those authorities to collect the receivables.

#### **NOTE 4 - INTERFUND BALANCES**

As of June 30, 2022, Interfund balances consisted of following:

	_ Due From_		Due To
Housing Choice Voucher	\$ 1,096,859	\$	30,155
Housing Development Fund	-		436,391
Continuum of Care	57		-
Moderate Rehabilitation	29,712		678
PACH	-		39,230
Ocean Avenue	-		120
Facts & Choices	38,905		-
Park Terrace	-		1,295,142
Mainstream	-		481,987
Business Activities	<u>1,306,850</u>	_	188,680
	<u>\$ 2,472,383</u>	\$	2,472,383

Interfund receipt and spending activity between fund entities is reported in self-balancing "Due To/Due From" memorandum accounts. For reporting purposes these balances are eliminated in supplementary combining schedules of net position and not shown in the basic financial statements.

## **NOTE 5 - CAPITAL ASSETS**

A summary of enterprise funds capital assets at June 30, 2022, is shown below:

Capital Assets	
Land and land rights	\$ 3,588,497
Buildings and improvements	31,997,309
Furniture and equipment	 3,469,141
Total capital assets	39,054,947
Less: Accumulated depreciation	 (29,739,199)
Capital asset, net	\$ 9,315,748

Capital asset activities for the year ended June 30, 2022, were as follows:

	Balance at June 30, 2021	Increases	Balance at June 30, 2022
Capital assets not being depreciated: Land and land rights	\$ 3,588,497	\$ -	\$ 3,588,497
Total capital assets not being depreciated	3,588,497		3,588,497
Capital assets being depreciated: Buildings and improvements Furniture and equipment	31,626,117 3,402,720	371,192 66,421	31,997,309 3,469,141
Total capital assets being depreciated	35,028,837	437,613	35,466,450
Less: Accumulated depreciation for: Buildings and improvements Furniture and equipment	(24,795,025) (3,376,528)	(1,534,429) (33,217)	(26,329,454) (3,409,745)
Total accumulated depreciation	(28,171,553)	(1,567,646)	(29,739,199)
Total capital assets being depreciated, net	6,857,284	(1,130,033)	5,727,251
Total capital assets, net	<u>\$ 10,445,781</u>	<u>\$ (1,130,033</u> )	<u>\$ 9,315,748</u>

Depreciation expense for the year ended June 30, 2022, was \$1,567,646.

#### **NOTE 6 - PENSION PLAN**

#### A. Plan Description

The Authority provides retirement benefits for all its full-time employees through the Alameda County Employees Retirement Association (ACERA). The ACERA was established by the Alameda County Board of Supervisors in 1947. ACERA is administered by the Board of Retirement and governed by the County Employees' Retirement Law of 1937 (California Government Code Section 31450 et. seq.).

ACERA is a cost-sharing, multiple employer, defined benefit, public employee retirement system whose main function is to provide service retirement, disability, death, and survivor benefits to the General and Safety members employed by the County of Alameda. ACERA also provides retirement benefits to the employee members of First 5 Alameda County, Housing Authority of the County of Alameda, Alameda Health System, Livermore Area Recreation and Park District (LARPD), Superior Court of California, County of Alameda, and Alameda County Office of Education (ACOE).

ACERA provides service and disability retirement benefits, annual cost-of-living adjustments and death benefits to plan members and beneficiaries. Benefit and contribution provisions are established by State Law and are subject to amendment only by an act of the State of California legislature. Alternative benefit and contribution schedules are permissible with the Board of Supervisors' approval. All risks and costs, including benefit costs, are shared by the participating entities. An actuarial valuation is performed annually for the system as a whole.

ACERA's financial statements and required supplementary information are audited annually by independent auditors. The audit report and December 31, 2021 financial statements may be obtained by writing to Alameda County Employees' Retirement Association, 475 14th Street, Suite 1000, Oakland, CA 94612.

#### B. Plan membership

At December 31, 2021, pension plan membership consisted of the following:

Retired members or beneficiaries currently receiving benefits  Vested terminated members entitled to, but not yet receiving benefits*  Active members	10,536 3,265 <u>11,326</u>
Total	25,127

<sup>\*</sup> Includes terminated members due to a refund of member contributions.

#### C. Pension Benefits

ACERA provides service retirement, disability, death, and survivor benefits to eligible employees. The ACERA's membership for the Authority's employees is effective on the first day of an employee's hire in an ACERA covered position. The first date of employment is the date of entry into ACERA membership. As of this date of entry, payroll deductions for retirement contributions begin and service credit for each hour work is earned.

There are separate retirement benefits for General and Safety members. Safety membership is extended to those involved in active law enforcement, deferred firefighters, or positions that have been designated as Safety by the Board of Retirement (e.g. Juvenile Hall Group Counselor, Probation Officer, etc.). All other employees are classified as General members.

#### NOTE 6 - PENSION PLAN (CONT'D)

Any new member who becomes a member on or after January 1, 2013 is placed into Tier 4 and is subject to the provisions of California Public Employees' Pension Reform Act of 2013 (PEPRA), California Government Code 7522 et seq. and Assembly Bill (AB) 197.

General members enrolled in Tiers 1, 2, or 3 are eligible to retire once they attain the age of 70 regardless of service or at age 50 with five or more years of retirement service credit and a total of 10 years of qualifying membership. A non-Tier 4 General member with 30 years of service is eligible to retire regardless of age. General members enrolled in Tier 4 are eligible to retire once they have attained the age of 52 and have acquired five years of retirement service credit, or at age 70 regardless of service.

The retirement benefit the member will receive is based upon age at retirement, final average compensation, years of retirement service credit and retirement plan and tier. All Authority employees are General members. The tiers and their basic provisions are listed below:

Service Retirement Governing Code Section	Effective Date	Basic Provisions	Final Average Salary Period
r 1	Various	2.0% at 57; maximum 3% COLA	Highest 1- year
ŭ		2.0% at 61; maximum	Highest 3-
r 2 §31676.1	September 30, 2011		years Highest 3-
r 4 87522 20(a)	January 1 2013	ŕ	years
r	Retirement Governing Code	Retirement Governing Code Section  Effective Date  1 §31676.12 Various  2 §31676.1 September 30, 2011	Retirement Governing Code Section  Effective Date  Basic Provisions  2.0% at 57; maximum 3% COLA 2.0% at 61; maximum 2 §31676.1 September 30, 2011 2% COLA 2.5% at 67; maximum

For members enrolled in Tiers 1, 2, the maximum monthly retirement allowance is 100% of final compensation. There is no maximum for members enrolled in Tier 4.

The member may elect an unmodified retirement allowance, or choose an optional retirement allowance. The unmodified retirement allowance provides the highest monthly benefit and a 60% continuance to an eligible surviving spouse or domestic partner. An eligible surviving spouse or domestic partner is one married to or registered with the member one year prior to the effective retirement date. There are four optional retirement allowances the member may choose. Each of the optional retirement allowances requires a reduction in the unmodified retirement allowance in order to allow the member the ability to provide certain benefits to a surviving spouse, domestic partner, or named beneficiary having an insurable interest in the life of the member.

ACERA provides an annual cost-of-living benefit to all retirees. The cost-of-living adjustment, based upon the Consumer Price Index for the San Francisco-Oakland-San Jose Area (with 1982-84 as the base period), is capped at 3.0% for General Tiers 1 and 3 and at 2.0% for General Tiers 2 and 4.

#### NOTE 6 - PENSION PLAN (CONT'D)

#### D. Plan Contributions

The Authority contributes to the retirement plan based upon actuarially determined contribution rates adopted by the Board of Retirement. Employer contribution rates are adopted annually based upon recommendations received from ACERA's actuary after the completion of the annual actuarial valuation. The average employer contribution rate as of December 31, 2021 for 2021 (based on the December 31, 2019 valuation for the second half of 2020/2021 and on the December 31, 2020 valuation for the first half of 2021/2022) was 26.34% of compensation.

Members are required to make contributions to ACERA regardless of the retirement plan or tier in which they are included. The average member contribution rate as of December 31, 2021 for 2021 (based on the December 31, 2019 valuation for the second half of 2020/2021 and on the December 31, 2020 valuation for the first half of 2021/2022) was 9.63% of compensation.

The Authority's proportionate share in the actual contributions has been determined for the periods from January 1 to December 31 as follows:

2021 (measurement period)	\$ 1,398,011
2020	\$ 1,323,493

For the year ended June 30, 2022, the Authority made contributions of \$1,398,011 to ACERA.

## E. <u>Pension Liabilities</u>, <u>Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions</u>

As of June 30, 2022, the Authority reported net pension liabilities of \$5,940,077 for its proportionate shares of the net pension liability of the Plan.

Reporting Date for Employer under GASB 68 Measurement Date for Employer under GASB 68	ne 30, 2022 ember 31, 2021
Beginning net pension liability Pension expense Employer contributions New net deferred inflows / outflows Change in Allocation of Prior Deferred Inflows/Outflows New Net Deferred Flows Due to Change in Proportion Recognition of Prior Deferred Inflows/Outflows Recognition of Prior Deferred Flows Due to Change in Proportion	\$ 8,693,280 399,913 (1,398,011) (2,004,050) 6,488 (107,771) 213,087 137,141
Ending net pension liability	\$ 5,940,077

The Net Pension Liability (NPL) for each membership class is the Total Pension Liability (TPL) minus the Plan's Fiduciary Net Position (plan assets). The Total Pension Liability for each membership class is obtained from internal valuation results. The Plan's Fiduciary Net Position for each membership class is obtained by allocating the total Plan's Fiduciary Net Position for Pension proportionally based on the valuation value of assets for each membership class relative to the total valuation value of assets for all membership classes.

#### NOTE 6 - PENSION PLAN (CONT'D)

The Authority's Net Pension Liability for the Plan is measured as the proportionate share of the Net Pension Liability. The reporting date for the Authority under GASB 68 is June 30, 2022. Consistent with the provisions of GASB 68, the assets and liabilities measured as of December 31, 2020 are not adjusted or "rolled forward" to the June 30, 2022, reporting date. Other results, such as the total deferred inflows and outflows, would also be allocated based on the same proportionate share.

The Authority's proportion of the Net Pension Liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. The Authority's proportionate share of the Net Pension Liability for the Plan as of June 30, 2022 and 2021 was as follows:

		Amount
Proportion - June 30, 2022 Proportion - June 30, 2021	\$	5,940,077 8,693,280
Change in net pension liability	<u>\$</u>	(2,753,203)

1 mount

For the year ended June 30, 2022, the Authority recognized pension expense of \$399,913.

At June 30, 2022, the Authority reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	 Deferred Inflows of Resources
Net difference between projected and actual earnings on pension plan investments	\$ -	\$ 3,041,386
Changes in proportion and differences between employer's contributions and proportionate share of contributions	326,368	551,220
Change of assumptions or other inputs	1,091,345	275,273
Differences between expected and actual experience in the total		
pension liability	151,758	 154,283
	<u>\$ 1,569,471</u>	\$ 4,022,162

The deferred outflow of resources related to the Authority's contributions subsequent to the measurement date will be recognized as a reduction of the Net Pension Liability in the year ended June 30, 2021.

#### NOTE 6 - PENSION PLAN (CONT'D)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

	Deferred Outflows/
Year ended June 30,	(Inflows) of Resources
2023	\$ (400,246)
2024	(1,189,554)
2025	(422,980)
2026	(436,838)
2027	(3,073)
Total	<u>\$ (2,452,691)</u>

There are changes in each employer's proportionate share of the total NPL during the measurement period ended December 31, 2021. The net effect of the change on the employer's proportionate share of the collective NPL and collective deferred outflows of resources and deferred inflows of resources for the current period (i.e., 2021) is recognized over the average of the expected remaining service lives of all employees that are provided with pensions through ACERA which is 5.05 years determined as of December 31, 2020 (the beginning of the measurement period ended December 31, 2021). This is described in Paragraph 33a. of GASB 68.

In addition, the difference between the actual employer contributions and the proportionate share of the employer contributions during the measurement period ended December 31, 2021 is recognized over the same period.

The net effects of the change on the employer's proportionate share of the collective NPL and collective deferred outflows of resources and deferred inflows of resources for prior periods are continued to be recognized based on the expected remaining service lives of all employees calculated as of those prior measurement dates.

The average of the expected service lives of all employees is determined by:

- Calculating each active employees' expected remaining service life as the present value of \$1 per year of future service at zero percent interest.
- Setting the remaining service life to zero for each nonactive or retired member.
- Dividing the sum of the above amounts by the total number of active employee, nonactive and retired members.

#### NOTE 6 - PENSION PLAN (CONT'D)

The measurement of the pension expense is as follows:

Reporting Date for Employer under GASB 68	June 30, 2022
Measurement Date for Employer under GASB 68	December 31, 2021
Component of Pension Expense:	
Service cost Interest on the Total Pension Liability Expensed portion of current-period changes in proportion and differences between employer's contributions and proportionate share	\$ 1,119,512 3,465,723
of contributions  Expensed portion of current-period difference between expected and	(26,610)
actual experience in the Total Pension Liability  Member contributions	(34,836) (528,602)
Projected earnings on plan investments	(2,852,644)
Expensed portion of current-period differences between actual and projected earnings on plan investments  Administrative expense	(465,740) 73,337
Recognition of beginning of year deferred outflows of resources as pension expense	1,420,568
Recognition of beginning of year deferred inflows of resources as pension expense	(1,633,654)
Net amortization of deferred amounts from changes in proportion and differences between employer's contributions and proportionate share	
of contributions	(137,141)
Pension Expense	\$ 399,913

#### F. Actuarial Methods and Assumptions

An actuarial valuation is performed for the pension plan on an annual basis. ACERA retains an independent actuarial firm to conduct actuarial valuations and to establish the contribution rate requirements for the Plan.

The components of the collective net pension liability of the plan as of December 31, 2021 and December 31, 2020 are as follows:

	2021	2020
Total Pension Liability Less: Plan's Fiduciary Net Position	\$ 11,009,508,484 10,217,221,404	\$ 10,639,300,371 8,444,884,496
Net Pension Liability	<u>\$ 792,287,080</u>	<u>\$ 2,194,415,875</u>
Plan's Fiduciary Net Position as a percentage of the Total Pension Liability	92.80 %	<u>79.37 %</u>

#### NOTE 6 - PENSION PLAN (CONT'D)

The Net Pension Liability (NPL) was measured as of December 31, 2021 and 2020. The Plan's Fiduciary Net Position (plan assets) was valued as of the measurement date and the Total Pension Liability (TPL) was determined based upon rolling forward the TPL from actuarial valuations as of December 31, 2020 and 2019, respectively.

The TPLs as of December 31, 2021 and 2020 that were measured by actuarial valuations as of December 31, 2020 and 2019, respectively, used the same actuarial assumptions as the December 31, 2021 and 2020 funding valuations, respectively. The actuarial assumptions used in the December 31, 2021 and 2020 funding valuations were based on the results of an experience study for the period December 1, 2016 through November 30, 2019. In particular, the following actuarial assumptions were applied to all periods included in the measurement:

Valuation Date	December 31, 2021	December 31, 2020
Inflation	2.75%	2.75%
Salary Increases	8.35% to 3.65%, vary by service, including inflation	8.35% to 3.65%, vary by service, including inflation
Investment Rate of Return	•	7.00%, net of pension plan investment expense, including inflation
Other assumptions	experience during the period	Refer to analysis of actuarial experience during the period December 1, 2016 through November 30, 2019

#### G. Discount Rate

The discount rate used to measure the Total Pension Liability (TPL) was 7.00% as of December 31, 2021 and December 31, 2020. Our understanding is that Article 5.5 of the Statute, which authorizes the allocation of 50% of excess earnings to the SRBR, does not allow for the use of a different investment return assumption for funding than is used for interest crediting. In order to reflect the provisions of Article 5.5, we have treated future allocations to the SRBR as an additional outflow against the Plan's Fiduciary Net Position in the GASB crossover test, as mentioned earlier in Section 1. Again, we are estimating that the additional outflow would average approximately 0.65% of assets over time, based on the results of our stochastic modeling of the 50% allocation of future excess earnings to the SRBR.

#### NOTE 6 - PENSION PLAN (CONT'D)

The projection of cash flows used to determine the discount rate assumes plan member contributions will be made at the current contribution rates and that employer contributions will be made at rates equal to the actuarially determined contribution rates1 plus additional future contributions that would follow from the future allocation of excess earnings to the SRBR. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability as of both December 31, 2021 and December 31, 2020.

#### H. Additional Financial and Actuarial Information

Additional financial and actuarial information supporting the schedule of employer allocations and schedule of pension amounts by employer can be obtained from ACERA's Comprehensive Annual Financial Report for the year ended December 31, 2021, and ACERA's GASB 68 Actuarial Valuation Based on December 31, 2021 Measurement Date for Employer Reporting as of June 30, 2022.

#### I. Target Asset Allocation

The long-term expected rate of return on pension plan investments was determined in 2020 using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation (approved by the Board) and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses are shown in the following table. This information was used in the derivation of the long-term expected investment rate of return assumption for the December 31, 2021 actuarial valuation. This information will be subject to change every three years based on the results of an actuarial experience study.

		Long-Term Expected
		Arithmetic Real Rate
Asset Class	Target Allocation	of Return
US Large Cap Equity	22.40 %	5.43 %
US Small Cap Equity	2.50 %	6.21 %
International Developed Equity	17.00 %	6.67 %
International Small Cap Equity	3.00 %	7.36 %
Emerging Market Equity	5.00 %	8.58 %
Core Plus Fixed Income	11.50 %	1.10 %
High Yield Bonds	1.60 %	2.91 %
Global Fixed Income	3.00 %	(0.63)%
Private Equity	10.50 %	10.00 %
Core Real Estate	8.00 %	4.58 %
Commodities	0.75 %	3.46 %
Infrastructure	1.75 %	7.80 %
Private Credit	4.00 %	8.50 %
Absolute Return	<u>9.00 %</u>	3.70 %
Total	<u>100.00 %</u>	

#### NOTE 6 - PENSION PLAN (CONT'D)

#### J. Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the NPL as of December 31, 2021, calculated using the discount rate of 7.00%, as well as what the NPL would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

	1% Decrease	Current Discount	1% Increase
	(6.00%)	Rate (7.00%)	(8.00%)
Plan's Net Pension Liability/ (Asset) \$	12,483,864	\$ 5,940,077	\$ 531,177

#### NOTE 7 - OTHER POST EMPLOYMENT BENEFITS (OPEB)

At June 30, 2022, net OPEB liability/(asset) and related deferred outflows/ inflows of resources are as follows:

	2022	2021
Deferred outflows of resources	\$ 289,841	\$ 383,894
Deferred inflows of resources	\$ 2,406,525	\$ 1,183,577
Net OPEB liability/(assets)	\$ (1,770,325)	\$ 28,570

#### A. Plan Description

The Alameda County Employees' Retirement Association (ACERA) administers a non-vested medical benefits program for eligible retired members. The benefits include medical, dental, and vision subsidies as well as Medicare Part B premium reimbursement. The subsidies are paid from the 401(h) account in the form of a monthly medical allowance. The maximum levels of the monthly medical allowances are reviewed annually by the Board of Retirement.

Retired members with a minimum of ten years of service credit or those retired with service connected disability are eligible to receive monthly medical, dental, and vision allowance benefits if they enroll in one of the ACERA sponsored medical plans or Medicare exchange. Retired members eligible for the monthly medical allowance benefit may also be reimbursed for the lowest standard Medicare Part B premium with proof of enrollment in Medicare Part B.

#### B. Contributions

There are no legal or contractual contribution requirements for the OPEB plan. Funding for the OPEB plan relies entirely on semi-annual earnings allocations from the total fund to the Supplemental Retiree Benefits Reserve (SRBR) as mandated by Article 5.5 of the 1937 Act. The OPEB assets are held in the 401(h) account and the SRBR to pay the non-vested benefits.

#### NOTE 7 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

#### C. Plan Membership

At December 31, 2021, OPEB plan membership consisted of the following:

Retired members or beneficiaries currently receiving medical benefit	6,763
Retired members or beneficiaries currently receiving dental and vision benefits	8,058
Vested terminated members entitled to, but not yet receiving benefits	478
Participating Active Employees	11,326
Total Number of Participants	26,625

#### **Benefits Provided**

ACERA provides benefits to eligible employees under the following terms and conditions:

Membership Eligibility:

Service Retirees: Retired with at least 10 years of service (including deferred vested

members who terminate employment and receive a retirement

benefit from ACERA)

Disabled Retirees: A minimum of 10 years of service is required for non-duty disability.

There is no minimum service requirement for duty disability.

Benefit Eligibility:

1. Monthly Medical Allowance

Service Retirees: For retirees not purchasing individual insurance through the

Individual Medicare Insurance Exchange, a Maximum Monthly Medical Allowance of \$578.65 per month is provided, effective January 1, 2021. For the period January 1, 2022 through December 31, 2022, the maximum allowance will increase to \$596.73 per

month.

For those purchasing insurance through the Individual Medicare Exchange, the Monthly Medical Allowance was \$443.28 per month

for 2021 and will increase to \$457.13 per month in 2022.

These Allowances are subject to the following subsidy schedule:

Completed Years of Service Percentage Subsidized

10-14 50% 15-19 75% 20+ 100%

Disabled Retirees: Non-duty disabled retirees receive the same Monthly Medical

Allowance as service retirees.

Duty disabled retirees receive the same Monthly Medical Allowance

as those service retirees with 20 or more years of service.

#### NOTE 7 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

2. Medicare Benefit The SRBR reimburses the full Medicare Part B premium to qualified

Reimbursement Plan: retired members. To qualify for reimbursement, a retiree must:

Have at least 10 years of ACERA service,
Be eligible for Monthly Medical Allowance,
Provide proof of enrollment in Medicare Part B.

3. Dental and Vision Plans: The SRBR provides dental and vision benefits for retirees only. The

maximum combined monthly dental and vision premiums is \$48.12 in

2021 and 2022. The eligibility for these premiums is as follows:

Service Retirees: Retired with at least 10 years of service.

Disabled Retirees: For non-duty disabled retirees, 10 years of service is required. For

grandfathered non-duty disabled retirees (with effective retirement dates on or before January 31, 2014), there is no minimum service

requirement.

For duty disabled retirees, there is no minimum service requirement.

Deferred Benefit: Members who terminate employment with 10 or more years of

service before reaching Pension eligibility commencement age may

elect deferred MMA and/or dental/vision benefits.

Death Benefit: Surviving spouses/domestic partners of members who die before the

member commences retiree health benefits may enroll in an ACERA group medical plan on the date that the member would have been eligible to commence benefits. The surviving spouse/domestic partner must pay 100% of the premium. Because premiums for surviving spouses/domestic partners under age 65 include active participants for purposes of underwriting, the surviving spouses/domestic partners receive an implicit subsidy from the

active members, which creates a liability for the SRBR.

#### D. Net OPEB Liability/(Asset)

The Net OPEB Liability/(Asset) was measured as of December 31, 2021 and 2020. The Plan's Fiduciary Net Position (plan assets) was valued as of the measurement date, while the Total OPEB Liability/(Asset) was determined by rolling forward the Total OPEB Liability/(Asset) as of December 31, 2020 and 2019, respectively.

The plan provisions used in the measurement of the NOL as of December 31, 2021 and 2020 are the same as those used in ACERA's SRBR sufficiency valuation as of December 31, 2020 and 2019, respectively.

#### NOTE 7 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

#### E. Actuarial Assumptions

The actuarial assumptions used for the December 31, 2021 valuation were based on the results of the experience study for the period from December 1, 2016 through November 30, 2019 that were approved by the Board effective with the December 31, 2020 valuation and the health care trend assumptions recommended for the upcoming sufficiency study for the SRBR as of December 31, 2021. The assumptions used in the December 31, 2021 SRBR OPEB actuarial valuation for ACERA were applied to all periods included in the measurement:

December 31, 2021

Investment rate of return 7.00%, net of OPEB plan investment expense, including

inflation

Inflation 2.75%

Health care premium trend rates (used to project health care costs after calendar year 2022

Non-Medicare medical plan

Medicare medical plan

Medicare medical plan

Dental

Graded from 7.50% in 2022 to ultimate 4.50% over 12 years

Graded from 6.50% in 2022 to ultimate 4.50% over 8 years

0.00% for the first year to reflect a three-year rate guarantee

(premiums fixed at 2021 level for 2022 and 2023) and 4.00%

thereafter.

Vision 0.00% for the first three years to reflect a five-year rate

guarantee (premiums fixed at 2021 level for 2022, 2023,

2024 and 2025) and 4.00% thereafter.

Medicare Part B\* 4.50%

Other assumptions Same as those proposed in the experience study for the

period December 1, 2016 through November 30, 2019

The actuarial assumptions used for the December 31, 2020 valuation were based on the results of the experience study for the period from December 1, 2016 through November 30, 2019 that were approved by the Board effective with the December 31, 2020 valuation and the health care trend assumptions recommended for the sufficiency study for the SRBR as of December 31, 2020 (reference: our letter dated March 22, 2021). The assumptions used in the December 31, 2020 SRBR OPEB actuarial valuation for ACERA were applied to all periods included in the measurement:

December 31, 2020

Investment rate of return 7.00%, net of OPEB plan investment expense, including

inflation

Inflation 2.75%

Health care premium trend rates (used to project health care costs after calendar year 2021)

Medicare medical plan\*\*

Medicare medical plan\*\*

Dental

Graded from 6.75% in 2021 to ultimate 4.50% over 9 years

Graded from 6.25% in 2021 to ultimate 4.50% over 7 years

0.00% for the first two years to reflect a three-year rate

guarantee (premiums fixed at 2021 level for 2022 and 2023)

and 4.00% thereafter.

Vision 0.00% for the first four years to reflect a five-year rate

guarantee (premiums fixed at 2021 level for 2022, 2023,

2024 and 2025) and 4.00% thereafter.

Medicare Part B\*\* 4.50%

Other assumptions Same as those proposed in the experience study for the

period December 1, 2016 through November 30, 2019

#### NOTE 7 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

- \* The actual calendar year 2021 trend of 14.55% reflecting the standard 2022 calendar year premium of \$170.10 per month, consistent with Segal's Medicare Part B memo dated November 19, 2021 was reflected in the current year GASB 74 valuation with December 31, 2021 measurement date.
- \*\* The actual calendar year 2020 trend of 2.70% reflecting the standard 2021 calendar year premium of \$148.50 per month, consistent with Segal's Medicare Part B memo dated November 12, 2020 was reflected in the GAS 74 valuation with December 31, 2020 measurement date.

#### F. Discount Rate

The discount rates used to measure the Total OPEB Liability (TOL) were 7.00% as of December 31, 2021 and December 31, 2020. The projection of cash flows used to determine the discount rate assumed benefits are paid out of current SRBR OPEB assets. Based on those assumptions, the SRBR OPEB Plan's Fiduciary Net Position was projected to be available to make all projected future benefits payments for current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the Total OPEB Liability as of December 31, 2021 and December 31, 2020.

#### G. Target Asset Allocation

The long-term expected rate of return on OPEB plan investments was determined in 2020 using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation (approved by the Board) and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before investment expenses are shown in the following table. This information was used in the derivation of the long-term expected investment rate of return assumption for the December 31, 2021 actuarial valuation. This information will be subject to change every three years based on the results of an actuarial experience study.

		Long-Term (Arithmetic)
		Expected Real Rate of
Asset Class	Target Allocation	Return
US Large Cap Equity	22.40 %	5.43 %
US Small Cap Equity	2.50 %	6.21 %
International Developed Equity	17.00 %	6.67 %
International Small Cap Equity	3.00 %	7.36 %

Ending Net OPEB Liability/(Asset)	<u>\$ (1,770,326)</u>	\$ 28,570

At June 30, 2022, the Authority reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	eferred Inflows
Net excess of actual over projected earnings on OPEB plan investments	\$ -	\$ 1,904,599
Changes in proportion and differences between employer's contributions and proportionate share of contributions  Change of assumptions or other inputs	30,133 259,708	63,518 146,989
Differences between expected and actual experience in the total OPEB Liability/(Asset)	 	 291,419
	\$ 289,841	\$ 2,406,525

Deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized as OPEB expense as follows:

	Deferred Outflows/
Year ended June 30,	(Inflows) of Resources
2023	\$ (486,237)
2024	(668,458)
2025	(558,454)
2026	(366,721)
2027	(23,405)
2028	(13,409)
Total	<u>\$ (2,116,684)</u>

#### NOTE 7 - OTHER POST EMPLOYMENT BENEFITS (OPEB) (CONT'D)

There are changes in each employer's proportionate share of the total Net OPEB Liability (NOL) during the measurement period ended December 31, 2021. The net effect of the change on the employer's proportionate share of the collective NOL and collective deferred outflows of resources and deferred inflows of resources is recognized over the average of the expected remaining service lives of all employees that are provided with benefits through ACERA which is 6.32 years determined as of December 31, 2020 (the beginning of the measurement period ended December 31, 2021). This is described in Paragraph 64 of GASB 75.

The average of the expected service lives of all employees is determined by:

- Calculating each active employee's expected remaining service life as the present value of \$1 per year of future service at zero percent interest.
- Setting the remaining service life to zero for each nonactive or retired member.
- Dividing the sum of the above amounts by the total number of active employee, nonactive and retired members.

#### I. Sensitivity of the Net OPEB Liability/(Asset) to Changes in the Discount Rate

The following presents the Net OPEB Liability/(Asset) of ACERA as of December 31, 2021, calculated using the discount rate of 7.00%, as well as what ACERA's Net OPEB Liability/(Asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00%) or 1-percentage-point higher (8.00%) than the current rate:

Discount Rate - 1% Currer		Current Discount Rate	 Discount Rate +1%	1%		
\$ (1,091,160)	\$	(1,770,326)	\$ (2,331,191)			

#### J. Sensitivity of the Net OPEB Liability/(Asset) to Changes in the Healthcare Cost Trend Rates

The following presents the Net OPEB Liability/(Asset) of ACERA as of December 31, 2021, calculated using the current trend rate, as well as what ACERA's Net OPEB Liability/(Asset) would be if it were calculated using a trend rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate.

 Trend Rate - 1%	 Current Trend Rate*	Trend Rate +1%				
\$ (2,390,637)	\$ (1,770,326)	\$	(1,002,272)			

<sup>\*</sup> Current trend rates: 7.50% graded down to 4.50% over 12 years for Non-Medicare medical plan costs; 6.50% graded down to 4.50% over 8 years for Medicare medical plan costs, 4.00% for all years after the first years and three years for Dental and Vision costs, respectively; and 4.50% for all years for Medicare Part B costs. The first year of trend for dental were 0.00% to reflect three-year rate guarantee (premiums fixed at 2021 levels for 2022 and 2023). The first three years of trend for vision were 0.00% to reflect five-year rate guarantee (premiums fixed at 2021 levels for 2022, 2023, 2024 and 2025).

#### **NOTE 8 - RENTAL ASSISTANCE DEMONSTRATION**

In the year ended June 30, 2016, the Authority closed out a Rental Assistance Demonstration ("RAD") conversion commitment and executed a Housing Assistance Payment ("HAP") contract with HUD for its two owned public housing properties of 72 units, Mission View in Union City and Emery Glen in Emeryville, under HUD's RAD program. Through the RAD program, HUD provides rental subsidies to the owners of properties pursuant to the HAP contract. Under the RAD Program, units move to a Section 8 funding source from Low Rent Public Housing.

As part of the RAD conversion the Authority sold the aforesaid two properties to its blended component unit, Preserving Alameda County Housing, Inc. (PACH), for the value of \$2 as of the date of closing March 29, 2016. As a result of such sale, the Authority and PACH recognized \$211,767 as a special item (gain (loss) on disposition of assets). This item has been eliminated in the basic financial statements.

The net assets as of the closing date in the amount of \$21,961 were transferred from the public housing fund to PACH.

#### **NOTE 9 - CONTINGENCIES**

The Authority has received funds from various Federal and local grant programs. It is possible that at some future date it may be determined that the Authority was not in compliance with applicable grant requirements. The amounts, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the Authority does not expect such disallowed amounts, if any, to materially affect the financial statements.

The Authority is involved in lawsuits and claims which arise out of the normal course of its activities such as contracts with others. The Authority's management believes based on the opinions of its legal counsel, the ultimate outcomes of such matters will not have a material adverse effect on the financial position of the Authority as of June 30, 2022.

#### **NOTE 10 - RISK MANAGEMENT**

The Authority is exposed to all common perils associated with the ownership and rental of real estate properties. A risk management pool has been established to minimize loss occurrence and to transfer risk through various levels of insurance. Property, casualty, employee dishonesty and public official's liability forms are used to cover the respective perils. Insurance for these perils is underwritten by a housing authority insurance pool: Housing Authorities Risk Retention Pool (HARRP).

HARRP is a Joint Powers Authority organized under the intergovernmental cooperation laws of the states of Washington, Oregon, California, and Nevada, to manage the self-insurance program of housing authorities. The relationship between the Authority and HARRP is not a component unit of the Authority for financial reporting purposes. Through HARRP, the Authority currently maintains general liability coverage for claims up to \$2 million and property insurance for claims up to \$2 million and also business auto, fidelity bonds and errors and omission coverages.

The Authority's share of year end assets, liabilities, or net position has not been calculated. The Premium paid by the Authority for the fiscal year ended June 30, 2022 was \$112,224.

Condensed audited financial information for the year ended December 31, 2021, is as follows:

Total assets and deferred outflows of resources	\$ 45,333,164
Total liabilities and deferred inflows of resources Net position (Member's equity)	19,922,797 25,410,367
Total liabilities, deferred inflows of resources, and net position	\$ 45,333,164
Total revenues Total expenses	\$ 16,998,778 15,963,970
Change in member's equity	1,034,808
Net Position, beginning of year	 24,375,559
Net Position, end of year	\$ 25,410,367

#### **NOTE 11 - UNEARNED REVENUE**

The changes in the Authority's unearned revenue account for the year ended June 30, 2022, were as follows:

Balance at the beginning of year Changes during the year	\$ 5,908,220 1,728,018
Balance at the end of the year	\$ 7,636,238

#### NOTE 12 - RESTRICTED CASH AND INVESTMENTS

The Authority reports amounts as restricted cash for any security deposits received from tenants at the time of move-in. Those monies will be returned to the tenant upon move-out after all outstanding costs have been deducted. Also, the Authority reports amounts as restricted cash for FSS Escrow balances which are maintained in a separate bank account for tenants who participate in the Family Self Sufficiency Program. These monies are given to the tenant upon graduation from the program or are forfeited by the tenant if they do not graduate. The Authority also restricts net HAP assets in line with HUD requirements. All of these monies are restricted because they cannot be used for the day-to-day operations of the Authority.

#### NOTE 13 - JOINT POWERS AGREEMENT

The Authority participates in a joint venture under a joint power agreement (JPA) with the California Housing Workers' Compensation Authority (CHWCA). CHWCA was formed to provide workers' compensation insurance coverage for member housing authorities. At December 31, 2021, there were twenty-eight members. The relationship between the Authority and CHWCA is such that CHWCA is not a component unit of the Authority for financial reporting purposes.

Condensed audited financial information as of and for the year ended December 31, 2021, is as follows:

Total assets	\$ 31,854,836
Total liabilities Net position	 16,175,772 15,679,064
Total liabilities and net position	\$ 31,854,836
Operating revenues and non-operating revenues Operating expenses	\$ 5,027,130 4,636,233
Change in net position	390,897
Net position, beginning of year	 15,288,167
Net position, end of year	\$ 15,679,064

The Authority's share of year end assets, liabilities, or retained earnings has not been calculated. The Authority's annual premium is based on covered payroll. The Premium paid for the fiscal year ended June 30, 2022 was \$113,996. CHWCA issues a separate comprehensive annual financial report. Copies of this report may be obtained by contacting Bickmore Risk Services, 1750 Creekside Oaks Drive, Suite 200, Sacramento, California, 95833.

#### **NOTE 14 - NOTE RECEIVABLE**

On March 4, 2011, pursuant to the disposition and development agreement dated June 25, 2007 and with HUD disposition approval, the Dublin Housing Authority (DHA) disposed of all of its public housing units to the Authority which, in turn, sold them to Eden Housing, Inc. and Citation Homes. The HUD disposition approval also imposed restrictions on the use of the net proceeds. Proceeds of \$11 million were to be loaned to Eden Dougherty, LLP, the developer of the former Arroyo Vista public housing site, to use for the development of new low-income family and elderly housing units on the site.

On March 4, 2011, the Authority entered into a construction permanent note agreement in the amount of \$11,000,000 with Eden Dougherty, LLP. (the Borrower), which will use the funds on the redevelopment project.

The loan is evidenced by the Note, secured by the Regulatory Agreement and the Deed of Trust that encumbers the project to secure repayment of the loan in the form provided by the Authority. The Deed of Trust and the Regulatory Agreement have been recorded against the property in the Office of the Recorder of the County of Alameda. The Note has a term that expires on the date 55 years from the date of project completion, which is determined by the date of issuance of a certificate of occupancy or equivalent. The Borrower shall use Residual Receipts generated by the project to repay the note every 1st of June following the completion of project construction. The note bears no interest until the earlier of i) the permanent loan conversion or ii) the third anniversary of the note closing; thereafter, the note shall bear simple annual interest rate not to exceed 3%. The conversion to permanent loan occurred on September 27, 2013. At June 30, 2022, the Authority had note receivable and accrued interest receivable from the Borrower in the amount of \$11,000,000 and \$2,891,116, respectively.

#### NOTE 15 - BLENDED COMPONENT UNIT

On March 23, 2011, the Authority established under the Nonprofit Public Corporation Law Preserving Alameda County Housing, Inc. (PACH), a not-for-profit instrumentality of the Authority for the purpose of acquiring, owning, leasing, rehabilitating and operating affordable housing units and to serve as a support corporation for the Authority.

With HUD approval, PACH acquired 230 disposed units from the Authority between September 2011 and April 2016. The following financial statement of PACH is included in the Authority's basic financial statements for fiscal year ended June 30, 2022.

# INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Commissioners, Housing Authority of the County of Alameda Hayward, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate remaining fund information of the Housing Authority of the County of Alameda (the "Authority") as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued our report thereon dated March 29, 2023.

#### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Authority's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE

To the Board of Commissioners, Housing Authority of the County of Alameda Hayward, California

#### Report on Compliance for Each Major Federal Program

#### Opinion on Each Major Federal Program

We have audited the Housing Authority of the County of Alameda's (the "Authority") compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended June 30, 2022. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Authority, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2022.

#### Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Authority's compliance with the compliance requirements referred to above.

#### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Authority's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on a
  test basis, evidence regarding Authority's compliance with the compliance requirements referred to
  above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Authority's internal control over compliance relevant to the audit in order
  to design audit procedures that are appropriate in the circumstances and to test and report on internal
  control over compliance in accordance with the Uniform Guidance, but not for the purpose of
  expressing an opinion on the effectiveness of Authority's internal control over compliance.
  Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### HOUSING AUTHORITY OF THE COUNTY OF ALAMEDA SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2022

Federal Grantor / Pass-Through Grantor / Program or Cluster Title	Federal Assistance Listing Number	 Federal Expenditures
Department of Housing and Urban Development:		
Section 8 - Moderate Rehabilitation	14.856	\$ 106,028
Housing Choice Vouchers	14.871	147,580,379
Emergency Housing Vouchers	14.871	2,977,457
Mainstream Vouchers	14.879	2,747,229
PIH Family Self-Sufficiency Program (Housing Choice Vouchers)	14.896	 375,473
Total Department of Housing and Urban Development		 153,786,566
Total Expenditures of Federal Awards		\$ 153,786,566

### HOUSING AUTHORITY OF THE COUNTY OF ALAMEDA NOTES TO SCHEDULE OF EXPENDITURE OF FEDERAL AWARDS JUNE 30, 2022

#### **NOTE 1 - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the Housing Authority of the County of Alameda under programs of the federal government for the year ended June 30, 2022. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of Housing Authority of the County of Alameda, it is not intended to and does not present the financial position, changes in net position or cash flows of Housing Authority of the County of Alameda.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING

Summary of significant accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements, regardless of the measurement focus applied. All proprietary funds are accounted for using the accrual basis of accounting. Expenditures of federal awards reported on the schedule are recognized when incurred.

#### NOTE 3 - DIRECT AND INDIRECT (PASS-THROUGH) FEDERAL AWARDS

Federal awards may be granted directly to the Authority by a federal granting agency or may be granted to other government agencies which pass-through federal awards to the Authority. The schedule includes both of these types of federal award programs when they occur.

#### **NOTE 4 - INDIRECT COST**

The Authority neither had an indirect cost rate nor used the de minimis 10% of Modified Total Direct Costs (MTDC).
